## Lopshire Brings In Plane With Landing Gear Malfunctioning

Airport crash equipment at Gillespie Field in El Cajon was called out for a Lemon Grove pilot Thursday but it wasn't needed.

The pilot, Jack Lopshire, a plastering contractor whose firm is at 7096 Broadway, L. G. was returning from a business trip to Imperial Valley Thursday when he was unable to lower his landing gear in the Comanche aircraft he was flying.

The gear, hydraulically operated, caused the circuit breaker of the craft's electrical system to open each time he attempted to lower it.

He lowered the gear manually and made several low passes over the field with the tower operators attempting to ascertain if the gear was in place. The tower rolled out the crash equipment as a precaution.

The landing was normal, however, and the equipment was unnecessary.

Later, he learned a worm gear in the hydraulic device had been stripped.

## 1.57 Of Rain Falls On L.G.

The recent rainy spell soaked Lemon Grove with 1.57 of rainfall, Bernard Griggs of the L. G. Fire Department reported.

Firemen take daily rain and temperature readings and report them to county weather central at Lindbergh Field.

A total of .11 rain fell on March 15; .02 on the 16th; 1.40 on the 17th and .04 on the 18th. This brings the total from the first of the year to 3.46.

**VOLUNTEERS**—Pennies, nickels, dimes and dollars, \$111.05 in all, were tossed on a stretcher last week at Palm Junior High School by students and teachers for the Vernon Block family who live at 2305 Washington, Lemon Grove. The Blocks, all five of them, were injured in a head-on collision near Hemet March 3. All are recovering although the parents will be hospitalized for several more weeks. Natalie, 13, attended Palm school. Mrs. Stanley Yanchul, 7449 Tracy st., and Mrs. Betty Ruiz, 8029 Longdale, were named as co-chairmen of the Block Disaster Fund Committee by Co-ordinating Council President John Jensen to handle the numerous contributions that have been made. ## Kiwanis To Flip Flap-Jacks For Youth Project Saturday

Nearly 2,000 flap-jack hungry stomachs are expected to be satiated Saturday when the L. G. Kiwanis club flips the batter on its sixth annual Pancake Festival.

The Festival will be held, as usual, in the auditorium of the L. G. Junior High school from 7 a.m. to 7 p.m.

The menu consists of hot-cakes, butter, syrup, ham and coffee or milk, all in generous proportions.

Tickets are available from Kiwanis, Key Club members or at the door Saturday. The price is \$1. Youngsters through junior high school will be charged 50 cents. Proceeds will be used for Kiwanis youth projects including Pony League, Junior High band, Key Club (Junior Kiwanis group) Mt. Miguel high school physical education and Mt. Miguel band. Last year more than 1,800 persons were fed and these contributed about \$1,400 to the Kiwanis youth projects.

Lloyd Jefferies, general chairman of the project said that Aunt Jemima, the happy vocalist who is the symbol of

the firm supplying the hot-cake mix will make appearances hourly at the Festival. She will also visit various schools in the district for a few minutes Thursday and Friday. She is scheduled to make a television appearance, too.

Jack Durham, club president said that the project is one of the most popular of all the club's projects. "The Kiwanians give us a big helping hand, and so do Key Club members. More than 80 people work in the Festival and because all enjoy it, it is a very rewarding project," he said.

Fire Marshal Ray Carmody is food procurement chairman. Other chairmen include: Stan Rogers, serving; Frenchy Faucher, clean-up; Ken Conrad, publicity; and Lynn McDougal, tickets.

Virgil Duce and Douglas Giles are vice chairmen.

Rogers is also Maitre d' until noon and Paul Califano takes over until closing.

## 'Support Good Schools' Committee To Support Sjogren, Stumbaugh

Vroman J. Dorman, prominent local attorney and counsel for the L. G. Fire District, was named as chairman Monday of the Committee of 101 To Support Good Schools.

Dorman, who had served as trustee of the Lemon Grove School District in 1946-1953, will provide leadership to the organization until the school board election is held April 16.

Mrs. J. M. Prince of 7213 Carmenita st., Vista La Mesa, will be assistant chairman. Mrs. Prince has been active in the L. G. PTA; the Helix PTA; Grossmont Jr. College formation and the Lemon Grove Music Parents organization.

Stumbaugh is seeking the vacancy created by the retirement of Ray Lange whose work will take him out of town frequently during the coming years.

Also seeking election are Dona Clabbe, a housewife; Dean Bistline, a teacher; and Dr. Frank Phillips, a chiropractor.

The group this week will select an executive committee, Dorman said.

Small groups of the coffee-clatch nature are planned at which the qualifications of each of the candidates will be discussed, Mrs. Prince said.

## 2 L.G. Women Injured Here In Friday Accident

Two Lemon Grove women were taken to Grossmont hospital late Friday night after they were injured in a one-car accident at Cypress and Imperial.

The driver was Judith E. Turile, 22, of 7295 A. Central L.G., who received bruises and contusions and the passenger was Barbara Boss, 39, of 3162 Citrus, who received major injuries.

The California Highway Patrol said the two were driving north on Imperial when their car struck a center island. The incident occurred at 11 p.m.

CHP officer George Turner said the car struck an electric light pole and that a nearby electric transformer was shorted out for about half an hour, cutting off electricity to homes.

**CRAZY DAZE** — L.G. C of C manager Frosty Foster symbolizes Lemon Grove April Fool Crazy Daze with a Napoleonic flair as he reminds all local shoppers that a community-wide promotion would be held March 29-30 and April 1. Local firms have been acquiring special merchandise to make the event noteworthy and shopping-worthy. Many of the storekeepers will be wearing Napoleon type hats similar to the one Foster is wearing just to prove they've gone nutty and marked their wares down crazily. A section will be devoted to this low-priced merchandise and crazy offerings in this newspaper next week. Meanwhile, Crazy Daze banners are being put up to tell shoppers that they will be able to enjoy the craziest, savgiest merchandise event ever held here.

## Reader Campaign Adds Twenty-Eight New Names

Twenty eight more families are taking part in the two charities as part of this newspaper's circulation campaign.

In Spring Valley, where part of the subscriber's payment goes to the Spring Valley Welfare Assn., 17 names were added. Actually, the Spring Valley drive was completed last month but contributions are made to the Welfare Assn. only as the subscription bill is paid. Apparently, stragglers will keep the Spring Valley list growing for several more weeks and payment will be made to the Assn. as these arrive.

The new total for Spring Valley is 776 participants, bringing the readership total to 4,183.

In Lemon Grove, where contributions are being made to subscribers' names to Angels Unaware, 11 families are participating this week. Last week ten families were listed as new participants bringing the drive total to 21. Reader-family total in Lemon Grove is now 4,924.

Angels Unaware is the day center for the East County Chapter of the Association for Retarded Children. Proceeds from the drive in Lemon Grove will be used to buy playground equipment for the center.

Dr. George Holland, a dentist who lives in Lemon Grove, is president of Angels Unaware. Dr. Jordan Detzer, pastor of the Lemon Grove Methodist church is the Center's chaplain.

### Generosity Aids Growing Families

Are you interested in a tender help-your-neighbor story? You ought to be because you contributed to the neighbor's help through local taxes.

The middle-aged woman was complaining to this reporter that an article in this newspaper concerning a drunk had listed her address as his.

She asked us to make a correction because her case worker suggested it.

She had a case worker because she had three children . . . the youngest a 3-year-old. Apparently, the wrong address implied the man lived there. That implication could cause her Aid to Needy Children income to stop.

Did she know the man who listed her address when he was arrested as a drunk?

Yes, the man was her son by an early marriage but she hadn't been married for several years she said.

We suggested that she inform her son to desist from using her address in the future. She said the son was having so much trouble lately that it is understandable that he could get mixed up on the address.

The trouble, she said, was that he set up an apartment home for a teen-age girl with whom he had been keeping company. She is going to have his baby in two months. But that arrangement, she said, is breaking up because he had three other fellows living in the place with them. The father-to-be is on unemployment relief. The mother-to-be is getting pre-Aid to Needy Children Relief, she said.

This trouble caused the father-to-be to take up his abode with a lady in Spring Valley who lives with her three children, all tots, in a trailer. This lady, his mother reported, is a maiden, in that she had never been married.

Fortunately, her Aid to Needy Children income manages to keep the family together.

Isn't it rewarding to know that three families have been given human dignity and perpetual sheltered security, of a sort (if their reproductive organs hold out) as a result of a little of our income effort . . . say, about three or four days of our income a year?

While the story is not checked for authenticity, we feel you'll agree that it came from a reliable source.

. . . and just a few days before the last half of your property taxes are due, which makes it a little more meaningful.

leymakers of the United Nations know either.  
Nor are we making any wagers that the head mules at U.N.

know what all the jacks and jennies are doing either.  
Be that as it may, we have been studying a revealing document written in January, 1963 by the Honorable Harlan Cleveland, assistant secretary of State for International Organization Affairs.

The title of the brochure is "The United Nations in the Congo: Three Questions" and implies re-assuringly, that the answers will be given within.

We read the document carefully and hopefully, searching for the answer. Mr. Cleveland gives some mighty fine opinions including the threat that if the U.N. had not put down the mutinies in the Congo, it would be being done right now with U.S. troops... a statement we do not quarrel with.

It is in the springboard part of the document, just before he launches into the reasons he says the action was not only moral, but legal, too, that the feeling of frustration struck us with force. His statement, lifted directly from the opening two paragraphs in the treatise, makes this amazing admission:

"When (world) affairs are as crazily complex as they are, when events move with such speed, when government is sometimes obliged in the national interest to prepare its moves and conduct its negotiations with no one looking over its shoulder, it must seem bewildering from the outside.

"Indeed it is sometimes hard not to be bewildered from the inside."

That's exactly what we've been saying about the inside for two years.

## Title Companies Set New Frontiers In Managed News

It's bad enough to be under the control of various state bureaus, commissions, agencies and departments, all of which make laws and evoke penalties although you never voted them this power — but now another group is getting in on the police state act.

The newest group of home-made law makers is the title insurance firms but I think they'll get their toe caught in the wringer before it's over.

One of the larger title insurance firms (name on file in this office) has instructed local escrow firms to have legal notices published outside this community. This is in direct opposition to the intent of legal notices and interferes with your right to know.

For example, when a saloon or grocery store changes ownership, or when a person wants to get a liquor license, these notices are to run in the community where they have meaning. It gives the creditor a chance to get his bill in before the seller gets his money and leaves, and it lets all who are interested know that hooch or beer is going to be sold at a certain place.

Title firms have been operating as good a gimmick for years as you'll find anywhere in the country. They should be the last to want to hoodwink the public because they already milk John Q. pretty good when he sells his house. They charge a good wad for doing the job that could be done by government record-keepers within the tax limits already set.

Title companies, often referred to by attorneys as the Fifth Court of the State, have waxed fat on record-keeping fees.

Since one, or more, has become involved in news management by exerting control on escrow firms on public notice publications, the industry will invariably suffer loss of public confidence.

They may keep you from knowing about some of the community matters to which you are entitled but they can't keep us from telling you that they're doing it.

## Letters To The Editor

**READER FINDS SIGNS NON-GRAMMATICAL; LIKES SCHOOL TAX VOTE**

Dear Editor:

Here I am again with a "pat" along with a "boo" this time. The "boo" concerns signs again with a difference. These signs are misspelled in various stores in and around Lemon Grove.

Some are grammatical mistakes as "Ladies" clothing. Some are spellings such as "collyflower."

Those that occur weekly are not too important. But permanent signs should be corrected. Children will not take parents' words against a store sign. They state, "A store manager would not be allowed to put and keep up a misspelled sign." No amount of talking or even showing in a dictionary will convince an opinionated teenager.

We all have enough trouble with spelling with most children as it is. It is surprising the number of misspellings, as well as the places. Maybe it would be expected in a run down, shabby small store, but in well established, long known, dependable store known for quality — surely they must know? I have found them in department stores, discount houses, variety stores and drug stores. The worst offenders are the grocery stores or supermarkets.

The "pat" is for the efficient, thorough job done on the passing of the recent local school bill. Whoever is responsible should be given every bit of credit possible. I imagine mine is not an isolated case. In addition to receiving mail with explicit directions and outlining of the issue, I received several phone calls before and during the day of voting.

Voting day, there were three calls. Two, to find out if both my husband and I had voted, the third to ask if I needed transportation.

Such a committee is a definite asset to any community. It shows what can be done when there is enough interest and work and efficient handling.

Sincerely,  
(Mrs. G. G.) Candy Walker  
P.S. Please excuse mistakes. I have eye trouble.

**READER REFUTES VAN DEERLIN FIGURES**

Dear Editor:

This is about the first time that you printed a letter to the Editor which left a false impression without adding an editor's comment clarifying same. I am referring to Congressman Van Deerlin's letter you printed last Thursday on the new proposed tax law regarding the home owner's income tax deductions for property taxes and interest.

Mr. Van Deerlin stated that: "A home owner now claiming local taxes and interest as deductions would itemize these along with all other claimed deductions. From the total he would deduct five per cent, then count the balance for tax deduction purposes. It follows that a home owner could claim only 95 percent as much deduction as before."

Mr. Van Deerlin has missed a point, and you would not be able to claim 95 percent of what you now claim, as the 5 percent is computed on the adjusted gross income.

For example:  
A home owner with \$10,000 adjusted gross income has \$1,500 worth of deductions under present law including taxes and interest. The new proposed change would reduce this figure by 5 percent of \$10,000 or by \$500, leaving only \$1,000 worth of deductions (66 2/3 percent of currently allowed deductions), and not \$1,425 (95 percent of \$1,500).

Yours truly,

**DEDUCTION DIFFERENCE FIGURES DISCOVERED**

Dear Editor:

I read Lionel Van Deerlin's ("Boiler-plate") letter in your newspaper and then I read Barry Goldwater's column in the Union for the same day. (Thursday evening) I read your newspaper before I read that morning's Union.

Concerning the President's proposed deduction reduction, Van Deerlin describes the remaining deduction as "95 percent as much deduction as before."

Goldwater gives an example based on a total deduction of \$900 under present law, and says that under the President's proposal it would be only \$400. An electric calculator computes that as less than 45%, as against Van Deerlin's 95%.

I wonder which result the Internal Revenue Service would apply if the President's proposal passes?

Thank you for your independent journalism which keeps your paper interesting—though of course I occasionally disagree with your views.

Sincerely,  
Joseph Brand Colton of

## FOUNDER OF UNIQUE CLUB, G. D. THOMAS PASSES MARCH 8

Rosary was said and Requiem Mass held for him at St. John of the Cross Church under direction of Conrad's L.G. Mortuary. Interment followed in Holy Cross cemetery.

Thomas began a club called "The Borrowed Timers" in about 1935 in Yakima, Wash. The club was for people with physical maladies so serious that doctors gave up on them. National notice was received and many in the club lived for decades after that. Thomas himself was pronounced hopeless by doctors after a serious operation before he started the group.

Thomas thought up the idea of making luminous crosses with a quote from the Bible on them to sell to support the club. Millions of "Prayer Reminders" have been sold, many manufactured in Lemon Grove.

Thomas lived almost 30 years longer than doctors thought he would, according to Mrs. Patricia Foran of Lemon Grove, one of his daughters.

## Crime Report

### MAN BRANDISHES KNIFE, PISTOL IN LOCAL BAR; BURGLAR HIDES IN MAYFAIR TO STEAL WATCHES

It was a "hairy affair," reported Sheriff's Sgt. Robert Morse who with Dept. D. A. Stewart responded to a call for protection from a gun and knife wielder.

The trouble began, it was alleged by Mrs. Lillian Schudar of 8313 Broadway, L.G. when Charles Howard Henderson started an argument with her in her home.

Henderson, with whom the Schuders are associated in the operation of the Rodeo Room, a cafe at 8300 Broadway, is said to have pulled out an Army knife with an 8" blade during the argument. When Mrs. Schudar attempted to call the cops, Henderson is reported to have cut the telephone line.

Mrs. Schudar ran across the street to the Rodeo Room and succeeded in putting in the call from there.

When sheriff's men responded, Henderson had acquired a .32 calibre pistol from behind the bar and was brandishing it. In the other hand he held the knife.

In the violent struggle that ensued Deputy Robert Miller and Sgts. Morse and Stewart were all required to subdue Henderson, they said.

The pistol was recovered from the floor behind the bar and is being held, together with the knife, as evidence.

He was taken to county jail.

**Watches Lost At Mayfair**  
A burglar hid in L.G. Mayfair until it closed and then took most of the watch stock belonging to Vaughn Lerwill, operator of the jewelry shop inside the market.

The burglar, following the same style operation as one did in 1954 when a similar burglary took place, took 25 Benrus watches and \$35 in cash. He also took a solid gold cross.

He left 4 sets of diamond rings and 5 watches. He also left untouched a large wall display board of repaired watches.

Estimated loss is \$1,100 of which \$1,000 is insured. In 1954 Lerwill lost \$1,800 worth of jewelry. In both instances the burglar escaped by breaking a lock on the produce delivery door.

**Unsentimental Journey**  
It was a short trip but it was expensive.

When Bartender Joe Harris of the Spring Valley Cafe, 9034 Campo rd., S.V. took time off to go to the rest room he was only gone a couple of minutes.

When he came back, he was relieved to the tune of 150, he discovered. It was taken from the cash register.

A patron was in the place when he made the journey. The cash register drawer was left open. John suspects the patron but the patron said he never touched it.

**Register Tapped**  
Another missing money caper was reported to the sheriff's office by Max Reeves, operator of a service station at 9663 Campo rd., S.V.

When he returned to the station office after serving a customer he discovered his register \$20 short. He named a suspect.

**Surf Board Stolen**  
A surf board was taken from the home of Dean M. Herrick at 10581 Rancho rd., S.V., one day last week.

The 9'3" board had been left on his sun deck.

**Tire-Wheel Is Taken**  
An intruder climbed the fence Broadway and Mass. L.G. owned by Jim Spears one night last week and stole a wheel and tire valued at \$30, Jerry Briggs, the caretaker reported.

**Carpet Stolen From Empty House**  
An oriental rug, 9 x 12 in size and valued at \$200, was taken from a house at 1521 Madera, Lemon Grove, unoccupied since the first of the year, the sheriff was told last week by owners.

**Man Charged With Drinking**  
Robert Vernon Goins, 9240 Harness st., S. V. was found allegedly intoxicated in an auto without a registration slip Tuesday.

Sheriff's men said his condition was such that he couldn't be questioned concerning the car's ownership.

The car was parked at the Yankee Doodle cafe on Campo rd., in S. V. He was booked at County Jail on a drunk charge.

**Bad Check Bounced**  
A check for \$150 was cashed at S. V. Thriftmart. It carried the signature of Frank C. Smith. An account was opened by Smith with \$20 in November, records show. It was closed Jan. 25. It bounced.

**Youth Break Church Window**  
Two youngsters about 15 are suspected of throwing a rock through the window of Santa Sophia Catholic church Sunday afternoon it was reported by Henry Weisman, church caretaker.

**Equipment Worth \$550 Taken**  
Equipment valued at \$556.90 was stolen from Cartwright's service station, 9050 Campo rd., Casa de Oro Saturday afternoon, it was reported by Leonard Cartwright, station owner.

Included in the loss were: an impact wrench, a power unit, a welding outfit and a battery booster.

**Man Loses \$50**  
An intruder took \$50 in bills from a metal box in the kitchen of Robert W. Booth, 1600 Colfax dr., L. G. he told the sheriff Saturday.

**Motel Burglarized**  
Blankets, sheets and a bedspread valued at \$46 were removed from an unoccupied room at Grove Motel, 8002 Broadway, Erlan Anderson, proprietor, told the sheriff Friday. A pass key gained the burglar admission.

SECTION A—Page 1

CUMMINGS

## CUMMINGS HEADS L.G. MEN'S CLUB

Jack Cummings, manager of the Lemon Grove branch of the Bank of America was appointed president of the Lemon Grove Men's Club Friday, succeeding Jim Spears, who resigned because of the pressure of business.

Spears, an auto dealer, has served six months as president since the club was revitalized in the fall of 1962.

Cummings was program chairman of the club until he assumed presidency.

Spears recently was appointed as spokesman for all Ford dealers in S.D. County. The new responsibilities added to those of a large expansion program at his Ford dealership at Broadway and Mass. in Lemon Grove would make him absent so much of the time that he couldn't give the Men's Club the sequence of leadership the club was entitled to, he said.

"I'll attend every Friday I'm in town," he added.

The program this week will be provided by the S.D. Transit system with Jim Reading as speaker, Ken Rister, new program chairman said.

The club meets every Friday at noon. All men are urged to attend.

## LG-SV TEACHERS IN ART CONFERENCE

Spring Valley and Lemon Grove teachers will take part in an art education conference Saturday at the S.D. County Department of Education. Speaker will be Dr. Jack Stoops, president of the Pacific Arts Assn. and Assistant Professor of Art at UCLA.

## SIX TO BE ELECTED TO C OF C BOARD

The Lemon Grove Chamber of Commerce will announce successful candidates for six seats on the board of directors when it meets April 2 at El Morocco at noon.

From twelve candidates six members will be elected. The nominating committee will make recommendations at the April 2 meeting for executive officers.

The twelve names on the ballot are: Milt Austin, Art Leitch;

Charles Buckles, Dairy Queen; Sam Pernicano, Pernicano's Pizza; Lou Brouillard, Brouillard's Hardware; Ed Burt, First National Bank; Don Jones, B. F. Goodrich; Floyd Tideman, Floyd's Toy Town; Jesse Lee, Lemon Grove Travel Bureau; Sam Reeves, Sunkist Inn; Larry Folda, Folda Builders Supply; M. B. Weber, Lemon Grove Medical Grp.; Bill Davies, Davies & Barwick, Attys.

## M.V. CONFERENCE DELEGATES NAMED

Miss Sarkela will go to the University of California campus at Davis from June 17-25 to attend her conference. Boys' State will be at Sacramento but the dates haven't been announced.

Carol Gale and Larry Lake are alternate representatives.

The conferences acquaint participants with community, school and government activities.

Miss Sarkela is the daughter of Mr. and Mrs. Harold W. Sarkela of 10325 Elmdale dr., S.V. Mr. Gray is the son of Mr. and Mrs. George Gray of 10057 Cristobal st., S.V.

"Big John" Malega, a junior at Monte Vista won the San Diego Section of the California Interscholastic Federation heavyweight wrestling crown for the second straight year by defeating Snow of San Diego High. The C.I.F. finals were held in the Helix gym on March 2.

Placing second for Monte Vista in the same wrestling tourney were senior Ed Lesh, in the 145-pound class, and Brian Yale, a sophomore in the 133-pound class. A third place was won for Monte Vista by sophomore Jim Kida, who was wrestling in the 133-pound class.

Through the efforts of these boys, Monte Vista finished in fourth place in the C.I.F. event.

**LOSE POUNDS** — The five area women in this picture are not distressed by the fact that their dresses are too big. As members of local chapters of TOPS (Taking Off Pounds Sensibly) they are proud of their inches-to-spore size dresses, which are the ones they found it necessary to wear before joining TOPS. The pound losers are (l to r) Mrs. Shirleymae Jones, president of the "Good Losers" chapter of TOPS; Mrs. Loreta Devins, vice president of the "Summit Slimmeritas" chapter; Mrs. Georgia Mangano, San Diego County chairman of TOPS; Mrs. Thelma Arnt, president of "Summit Slimmeritas" and Mrs. Eileen Davis, president of "Better Looking Babes" chapter.

## WEIGHT-LOSING CLUB POPULAR HERE

By Pat McGehee

A national weight-reducing club is catching on fast in Lemon Grove and Spring Valley. Called TOPS (Taking Off Pounds Off Sensibly), the club now has four chapters here.

Largely responsible for the increase in membership—as well as for introducing TOPS here — is a Heritage Homes woman, Mrs. Georgia Mangano of 333 Rosebud ln., who believes that in TOPS overweight persons have the answer at last. Mrs. Mangano has the title of County Captain. She fostered enthusiasm to the extent last year that about 1,200 new members were added in the county, bringing this total to 18,000.

**200 Join Here**  
About 200 right in Lemon Grove and Spring Valley joined during that period. Three new chapters were formed. Probably the newest of these is the "TOPS Lemon Peelers" which meets at Lemon Grove Medical Center on Tuesday evenings at 7:30.

This group expanded from 16 in the fall to 100, a dozen of which are teenagers. It is headed by Mrs. Mildred Garlock, switchboard operator and receptionist at the center. Mrs. Mangano explained that the location of the meeting place illustrates how the medical profession feels toward TOPS.

Doctors openly sanction the club not only because most members are on doctors' diets but because the whole approach of TOPS is, like the name indicates, sensible. TOPS instructs members not to go on fat diets or use electric reducing exercisers.

## WINDOW DISPLAY CONTEST PLANNED

Helix and Grossmont High Schools will hold their first annual Distributive Education window display contest at the Grossmont Shopping Center the week of March 22-29.

Valley have been picking up new members fast, Mrs. Mangano said. One meets at the Sweetwater Mobile Lodge recreation hall on Thursdays at 10 a.m. under Mrs. Ilene Davis. It goes by the name of "Better Looking Babes." The other gathers on Mondays at 1 p.m. at Latter Day Saints Church by Mt. Miguel High under Mrs. Shirley Mae Jones, president. This chapter of TOPS is called "Good Losers."

The oldest chapter of TOPS hereabouts is one called the "Summit Slimmeritas." It meets under Mrs. Thelma Arnt at Leewood Mobile Park recreation hall on Tuesdays at 10 a.m. All of the chapters welcome new members, Mrs. Mangano said. Those interested may call her at 234-8371 or 471-2632 or attend a meeting of the chapter of their choice. Mrs. Mangano assures overweight people that they can continue eating three meals a day in TOPS—but non-fatty meals.

Membership is \$6 a year. This entitles people to a TOPS magazine and pays chapter expenses.

**Men Not Interested**  
It has surprised Mrs. Mangano that few overweight men have responded to the call to weight-losing. Chapters for men could quickly be formed in Lemon Grove and Spring Valley and maybe the men and women TOPS could meet socially, Mrs. Mangano suggests.

The average meeting of a chapter of TOPS is filled with good-natured humor but members who cheated on their

diets during the week—which that extremely able weight detective, the scales, soon indicates — must go through on ordeal which is not altogether joyous to one with a weight problem.

**Oink! Oink! Oink!**  
This happens after all members are "weighed in."

After this the "top 10 losers" can rest comfortably and bask in the respect from colleagues. But the cheaters are in for it. They must get up before the group and sing the following

words to the music of "My Bonnie Lies Over The Ocean."

Oh, We are the pigs of this TOPS club, yes, we are the gainers this week.

We are the pigs that have cheated, have eaten—and now we must squeak: "Oink! Oink! Oink! Oink!"

I promise to follow my diet and then I won't overeat until I'm slender again. "Oink!"

As Mrs. Mangano says: "It is truly amazing how much weight our members manage to lose!"

## Dep. Hal Johnson Has Surgery

Hal Johnson, veteran county officer of the Sheriff's Department, is in Paradise Valley hospital where he underwent a nine-hour bladder operation.

His condition was listed by the hospital as "serious." Johnson, who lives at 3180 Massachusetts, Lemon Grove, has served the merchant's division of the Chamber of Commerce for 10 years as part of his sheriff's duties. Some of his wages come from the County; part from local business firms. His primary duties are in the business section from dark 'til dawn but he has participated in several apprehensions outside the business district.

## Architect Opens Office In S.V.

## Rodeos Intrigue Spaniards Says Lt. Bob Maple

First Lt. Robert G. Maple, son of Mr. and Mrs. Alfred G. Maple, of 7855 Mt. Vernon, Lemon Grove, is home on 30 days leave from Seville, Spain where he served the past two years with the Air Police.

His first year of duty had him in S. Casa Blanca in North Africa in a village named Moron, he said.

He said his Seville assignment is considered "good duty" because the people are friendly and American dollars are valued highly.

"Just before I left I had a new crystal and stem put on my wrist watch and had the face of the watch refinished. The whole job cost me 50 cents," he said.

"The Spanish government has a minimum wage law similar to that in the U. S.," he said. "Except that the minimum is \$1 for a full day."

"We have a command-wide effort of people-to-people understanding," he said. "At present we are putting on rodeos for charity in Spain. We are helping to support a school for orphan girls and a hospital. Spaniards love rodeos. Movie houses, which they pack when American cowboy pictures are shown is a good indication of their love for horse operas," Lt. Maple said.

"Most of the industry near our command is based on horses and cattle, so natives go for U. S. westerns," he said. "Television cowboy shows are popular, too. Right now 'Bonanza' is at the top."

He said that the part of Spain in which he is serving had been economically depressed but the economy is now rising rapidly. Government controls are being relaxed and that accounts for the increasing prosperity, he opined.

Lt. Maple said he enjoyed Spanish people... especially Spanish girls. He is 26 and single.

His father is in the special delivery section of the S. D. Post Office.

## Social Security Question Box

by GUY DEEKS

**Social Security Editor**  
Question: I am 66 years old and still working. People are urging me to apply now for my social security. What if my earnings in the next few years would entitle me to a higher benefit?

**ANSWER:** You could apply now and then have your benefit refigured in future years.

**QUESTION:** Is it true that you have to be practically bedridden to get disability benefits?

**ANSWER:** Not necessarily. You must be unable to do any substantially gainful work and the disability must be of a long-lasting kind.

Social Security affects you and your family. Guy Deeks will be happy to answer any questions you might have on this subject if you will send them to him in care of this newspaper. Some questions will be used in his column. Names are not used.

THESE SPRING VALLEY and Lemon Grove PTA women are beginning to organize a summer swim instruction program for local children. Mrs. Wilda Evins (center) is chairman of this annual "Back Yard Swim Program" and the others, working under her as chairmen of the project in their respective PTA units are (l to r) Mmes. Jeannette Klark, Monterey

Heights Elementary PTA; Virginia Moran, Mt. Vernon PTA; Carol Binder, Casa De Oro PTA; Beverly Wyer, San Altos PTA; Dorothy Nottingham, Golden Avenue PTA and Chris Odell, Bancroft PTA. ### Gerry Taylor, 45, Dies In Hospital

Gerry E. Taylor, 45, a lifelong resident of S. D. County who lived at 6610 McArthur dr., Lemon Grove, died at a hospital Saturday.

He was an electronic engineer in civil service at North Island N.A.S. for 19 years and was active in Cub Scout work. Surviving are his widow, Mary, and two daughters, Peggy and Nancy, three sons, Gerry L., James and Le Roy, and his mother, Madelyn, all of Lemon Grove.

Services were held Tuesday at Conrad Lemon Grove Mortuary followed by interment in Glen Abbey Memorial Park.

### MISS SAN DIEGO CONTEST OPENS

Applications are now available for the "Miss San Diego Pageant," the official San Diego preliminary to the "Miss America Pageant."

Applicants must be between the ages of 18 and 25 and be single. Entries close March 28, and preliminary judging for the pageant will be held April 6th. Finals will be held in May in Russ Auditorium.

The first Pageant entry is Miss Elaine Simeons, a secretary . . . of 5458 Timothy Drive. Applications are available at the San Diego Junior Chamber of Commerce office, 947 Columbia St.

### Fournier Assails Group That Would Undermine S.V. Fire Department

S.V. Fire Commission candidate Mrs. Gertrude Fournier said that there is a group in Spring Valley which persistently tries to get fire taxes cut.

"They would do this at the expense of getting rid of the fire department ambulance, for one thing," Mrs. Fournier said. She explained that the ambulance has proved its worth time and again to Valleyites.

Mrs. Fournier said, "If I become a fire commissioner I will strive to see to it that the fire department's ability to serve the community is not undermined."

### Look Who's Getting Married

SAN DIEGO (CNS) — Licenses were issued to the following couples last week:

Ralph Shepart, 26, L. M. and Bonita Julian, 34, L. G. Henry Phillips, 19 and Patricia Brown, 19, both S. V. Roger Backmann, 20 and Penelope Eadlie, 16, both S. V. Robert Jacobs, 20, L. G. and Eleonora Rosso, 19, E. C. Roland Huswirth, 40, and Cecelia Randazzo, 44, both L. G. Robert Carroll, 21, and Lillian Downs, 19, both L. G.

Local parents can sit back and relax nowadays when summer comes and they know their children will be around water.

This is because of the Backyard Swim Program the annual organization of which is now underway again by local PTAs. The Lemon Grove-Spring Valley area chairman this year is Mrs. Wilda Evins, who is also organizer for the San Miguel PTA and also is representative of her PTA on the Valley-Grove Council, California Congress of Parents and Teachers.

The swim instruction program is rapidly spreading to most parts of the U.S. The local one was started in recent years and was one of the first.

The Red Cross, the PTA and private pool owners cooperate to put over the program. The PTAs do the organizing, the Red Cross provides the know-how and the pool owners provide facilities. Hundreds of LG-SV children will learn to swim this summer.

### FAIR TO DRAW SAN DIEGO SCIENCE ENTRIES FROM HERE

Lemon Grove and Spring Valley junior and senior high schools will be sending winners of their student science fairs to the Ninth Greater San Diego Science Fair slated for April 3-7 at Balboa Park.

### RUBINSTEIN TO PLAY AT RUSS AUDITORIUM

Arthur Rubinstein, the giant of the piano, will present a one-night concert in San Diego at the Russ Auditorium tonight at 8:30 p.m.

**No Programs At Two**  
This year all school PTAs but two have programs enthusiastically underway. The two are Rancho and Spring Valley elementary schools near which neighborhood pool donors were not found.

Mrs. Evins, in explaining the program said that pool owners not only have the joy of serving the community but are protected by the instruction program in that local children who could drown in their pools are taught to swim.

Swim instructors and swim instructor aides are among volunteers most needed. One must have 14 hours of Red Cross instruction to be an instructor, six hours to be an aide.

**To Receive 10 Lessons**  
The program doesn't start until school is out. Mrs. Evins is confident that she and her unit organizers will have things ready to roll by then. Children will receive 10 free half-hour lessons including subjects like water safety, simple assists and rescues and the beginning phase of swimming.

The program is known as "waterproofing" of children because it makes them non-susceptible to dangers of the water. Last year some 10,000 children in the San Diego area went through the program.

Those wishing to take part in this year's local program are invited to call Mrs. Evins at 469-0420.

## Bank safety is more than the guard at the door.

A bank keeps your money safe—but not just by locking it up. Besides keeping large cash reserves, banks make careful investments. Banks invest in industry, in shops, in farms. They put money in auto loans, personal loans, real estate loans. It's the old principle of spreading out for safety. Safety which makes thousands of people choose one place for their savings: a bank.

## Grandparents Try To Steal Spotlight From Own Grandchildren

Local grandparents are crowding about more than just becoming new grandparents again.

There's Bob and Ginny Vor-Willer of 3157 Crane St., Lemon Grove, for instance.

Sheryl Kay was born at Paradise Valley hospital to their son and daughter-in-law Jack and Arlene on March 3.

That is the same date that the couple's other son and daughter-in-law, Bob and Jo Ellen had Kimberly Ann. Kimberly is now one year old.

Later, on March 7, Kenneth and Marion Conrad of 7387 Broadway became grandparents for the second time.

Their son and daughter-in-law Gary K. and Donna Conrad had Gregg Kenneth at Grossmont hospital. Gregg was born on Grandparents Kenneth Conrad's wedding anniversary. Gary Gregg's father, was born on the anniversary of his grand mother's birthday. The other Conrad youngster is 19-months old Gary K.

All of this may be confusing to you but it's a heap of fun for the grandparents.

### LEGAL NOTICE

**AN ORDINANCE ADOPTING A FIRE PREVENTION CODE PRESCRIBING REGULATIONS GOVERNING CONDITIONS HAZARDOUS TO LIFE AND PROPERTY FROM FIRE AND EXPLOSION.**

The Board of Fire Commissioners of the Spring Valley Local Fire District do ordain as follows:

**Section No. 1. Adoption of Fire Protection Code.**  
There is hereby adopted by the Spring Valley Local Fire District for the purpose of prescribing regulations governing conditions hazardous to life and property from fire and explosion, that certain code known as the Fire Prevention Code, Abbreviated Edition, recommended by the International Board of Fire Underwriters, being particularly the 1960 edition thereof and the whole thereof, save and except such portions as are hereinafter amended, or amended, of which code not less than three (3) copies have been and are now filed in the office of the clerk of the Spring Valley Local Fire District, and the same are hereby adopted and incorporated as fully as if set out at length herein, and from the date on which this ordinance shall take effect, the provisions thereof shall be controlled within the limits of the Spring Valley Local Fire District.

**Section No. 2. Enforcement.**  
The code hereby adopted shall be enforced by the Chief of the Fire Department.

**Section No. 3. Definition.**  
Wherever the word "municipality" is used in the code hereby adopted, it shall be held to mean the Spring Valley Local Fire District.

**Section No. 4. Deleted.**  
The code hereby adopted is amended and changed in the following respects:

**Section No. 5. Amendments Made.**  
Sections 21, 23, 91 (paragraph g) and 92 (paragraph 1), 11, and Article No. 16, shall be deleted.

Sections 73, 76, (paragraph e) and 91 (paragraph c and f) are amended as follows:

**Section No. 73 shall read as follows:**  
a. The storage of Class I and II flammable liquids in aboveground tanks outside of buildings is prohibited within the limits established by the California Building Code in which such storage is to be prohibited. This section shall not apply to service stations and refineries, commercial dealers and distributors.

b. All tanks shall be constructed of steel or concrete; tanks may be constructed of other materials where such material is required by the California Building Code. Where material other than steel is used in the construction, the tank shall be so constructed as to meet the safety factors of equivalent steel tanks.

c. Tanks used for the storage of flammable liquids shall have no venting capacity sufficient to prevent the distortion of the tank shell or roof when such tank is either being filled or emptied, an allowance made for breathing due to temperature change.

1. Tanks used for the storage of Class I and II flammable liquids shall be equipped with a practical venting device of either an approved type flame arrester or a device that closes when not under pressure or vacuum.

2. Tanks used for storage of flammable liquids shall have open vents where such vents are located at least 12 feet above the ground and 6 feet above the top of the tank.

3. Storage of flammable liquids shall provide a method for emergency venting caused by excessive pressure. A vertical, or horizontal tank shall be self-closing cover or one using long bolts that permit the cover to lift under pressure or an additional or larger relief valve or valves. A vertical tank may use a self-closing cover or one in the roof of the tank. When the device is other than a weak seam or joint, the venting capacity under both normal and emergency conditions shall be sufficient to prevent rupture of the shell or bottom of a vertical tank and the shell or head of a horizontal tank.

g. If the aboveground storage tank is located near highways, valuable structures or places of assembly, the Chief of the Fire Department in his discretion after considering the character of the adjoining property and the topography of the land, may require that storage tanks be provided with a suitable dike or method of preventing the spread of flammable liquids. The dike area required shall be at least the capacity of the largest tank within the area.

h. The storage tanks shall rest either directly on the ground or on a foundation of concrete, masonry, piling or steel. The material used in such foundation or support shall provide a fire resistive rating of not less than two (2) hours.

i. Walkways may be constructed of either metal, concrete or wood.

1. Where pipe joints are used that depend upon the friction character of the pipe, the joints shall be protected by mechanical continuity of piping, such pipe joints may not be used inside of buildings. Piping for storage tanks used aboveground shall be secured to prevent disengagement at the fittings, or may use a piping system that will prevent any spilt resulting from disengagement to be exposed.

j. Valuable structures or persons from being endangered by items shall be controlled by remote valves. All piping shall be protected from corrosion by painting or other means.

k. Storage tanks shall provide static protection consisting of a

the fill-rim piping. The free end of the bond wire shall be provided with a grounding device, which during the filling operation shall be attached to the metallic portion of the tank of the vehicle or container being filled. This connection shall be made prior to the filling operation and not disconnected until the completion of the operation and the cap replaced.

l. The dispensing unit for Class I flammable liquids shall have a control valve placed between the tank and the discharge hose. The control valve shall allow the flow of the liquid only when the nozzle has been removed from the bracket and stop the flow when the nozzle is replaced in the bracket. The control valve shall be manually operated.

m. The dispensing of Class I flammable liquids into a fuel tank of a vehicle or into a container shall at all times be under the control of a competent person. The use of any device which permits the dispensing of Class I flammable liquids when the hand of the operator of the nozzle is removed from the nozzle control lever is hereby forbidden.

n. Class I and II flammable liquids shall not be dispensed if the flammable vapors may reach a source of ignition. Smoking shall be prohibited within 50 feet of the aboveground tanks. Smoking signs shall be posted within this area and such signs shall have letters not less than 5 inches in height. Motor vehicles shall not be running during dispensing operations.

**Section No. 76 (paragraph e, shall read as follows):**  
e. No delivery of Class I, II or III flammable liquids shall be made into a portable container of 5 gallon capacity or less, unless the container is of sound metal construction, has a tight fitting closed end, and the contents can be poured without spilling.

f. For service stations a 6BC extinguisher shall be required inside the building. And where the dispensing island is more than 25 feet from the building, an additional 4BC extinguisher shall be required on the islands.

g. A 4BC extinguisher shall be required and so located that a person shall not have to travel more than 25 feet from the dispensing station.

**Section No. 91 shall read as follows:**  
c. Highly toxic materials shall mean a material so toxic to man as to afford an unusual hazard to health and life in the event of operations. Examples are: Parathion, TTP (tetraethyl pyro phosphate), HETO (hexaethyl, tetraphosphate), and similar insecticides and pesticides.

Potentially explosive chemicals shall mean and include any chemical substance, other than one classified as an explosive or blasting agent, which has a tendency to be unstable and which can be exploded by heat or shock or a combination thereof.

**Section No. 6. Modification.**  
The Chief of the Fire Department shall have the power to modify any provision of the code hereby adopted upon application in writing by the owner or lessee, or his duly authorized agent, when there are practical difficulties in the way of strict compliance with the code, provided that the spirit of the code shall be observed, public safety secured, and substantial justice done. The particulars of such a modification shall be clearly stated and the decision of the Chief of the Fire Department shall be entered upon the records of the department and a signed copy shall be furnished to the applicant.

**Section No. 7 Appeals.**  
Whenever the Chief of the Fire Department shall disapprove an application or refuse to grant a permit for the construction of a building, or that the provisions of the code do not apply or that the true intent and meaning of the code have been misconstrued or wrongly interpreted, the applicant may appeal from the decision of the Chief of the Fire Department to the Board of Commissioners of the Spring Valley Local Fire District within 30 days from the date of the decision appealed.

**Section No. 8 Penalties.**  
a. Any person who shall violate any of the provisions of the code hereby adopted or fail to comply therewith, or who shall violate or fail to comply with any order or permit issued thereunder, and from which no appeal has been taken, or who shall fail to comply with such an order as affirmed by the Board of Fire Commissioners of the Spring Valley Local Fire District or by a court of competent jurisdiction, within the time fixed herein, shall severally for each and every violation be liable to a fine not more than \$500.00 or by imprisonment not more than 180 days or by both such fine and imprisonment. The imposition of one penalty for any violation shall not excuse the violation or prevent the imposition of all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified, for each (10) days that prohibited conditions are maintained shall constitute a separate offense.

b. The application of the above penalties shall not be a bar to prevent the enforced removal of prohibited conditions.

**Section No. 9 Repeal of Conflicting Ordinances.**  
All former ordinances or parts thereof conflicting or inconsistent with the provisions of the ordinance or the code hereby adopted are hereby repealed.

**Section No. 10 Validity.**  
The Spring Valley Local Fire District hereby declares that should any section, paragraph, sentence, or word of this ordinance or of the code hereby adopted be declared for any reason to be invalid, it is the intent of the Spring Valley Local Fire District that it would have passed all other portions of this ordinance and code, and the elimination herefrom of any such portion as may be declared invalid.

**Section No. 11. Date of Effect.**  
The previously stated Fire Prevention Code and Amended Sections are hereby approved for adoption by the Board of Fire Commissioners of the Spring Valley Local Fire District and shall become effective this 15 day of March 1963.

## Newspaper Panel To Quiz Ambassador Boland Monday At Grossmont College

Six prominent San Diego City and County newspaper editors will join in a panel interview of Ambassador Frederick Boland, past president of the United Nations General Assembly, following his speech Monday, sponsored by Grossmont College.

Ambassador Boland will discuss "The Role of the United Nations in World Affairs" at 8 p.m. in the Grossmont High School auditorium. Tickets at \$1.50 each are now on sale at the Grossmont College student affairs office.

The newsmen who will quiz the distinguished diplomat from Ireland are: Herbert Klein, executive editor of the San Diego Union; Jack Tucker, Evening Tribune, chief editorial writer; Si Casady, editor of the Valley News; Max Goodwin, editor of the Spring Valley Bulletin and Lemon Grove Review; Bob Crandall, editor of The Independent; and Mrs. Virginia Mitchell, editor of the La Mesa Scout.

Ambassador Boland was president of the UN General Assembly during 1960, the most hectic period in its history. It was at this time that Nikita Khrushchev tried his famous table-pounding, and when a Romanian delegate undiplomatically referred to English oppression of Ireland in the past, Mr. Boland pounded his gavel with such force that it broke, and within days he received 29 gavels in the mail, as well as four shillelaghs. During his tenure, he also called Fidel Castro to order.

Mrs. Boland, permanent representative of Ireland to the UN, studied law in his youth and joined the Irish Foreign Service in 1929. Ten years later he assumed duties with the League of Nations which lasted until 1946 when he became ambassador to England.

HE JUST TURNED four but he reads like a junior high student . . . Bob Ryan, shown with his father, scans a copy of the newspaper, just like a grownup.

## Four-Year-Old Boy Reads Like a Grownup

By CURTISS SMITH

Robert Ryan is a precocious youngster who was four years old last Nov. 29. Robert has his fair share of bumps, cuts and scrapes, and a girl friend named Margaret. Robert wriggles and squirms on a chair just like any other four-year-old. But there is one thing about Robert that sets him apart from other four-year-olds. Robert Ryan reads, and he reads well. He is quite comfortable with words containing three, four or five syllables. Robert has read on his own since he was two. He learned to talk at eleven months and he learned his ABC's frontwards and backwards at 18 months.

Robert will read the newspaper upon request, but prefers to read of the solar system and its formation. He knows the temperatures of the various planets, hot and cold. Other favorite reading of Robert's is about prehistoric life and poetry. He can tell about Brontosaurus (65 feet long, 12 feet tall, and vegetarians—long extinct), or Tyrannosaurs (largest, almost 50 feet, flesh eating dinosaur), or he may recite "The Charge of the Light Brigade."

He read the typewriter copy of this story without hesitation. He read it faster and more accurately than most junior high school students can read.

Robert knows the location of the states in relation to one another, such as Arkansas being north of Louisiana—and their

capitals. Robert doesn't have to worry about getting lost—simply give him a map of San Diego County and he will tell you what roads to travel and what communities to go through to get where he lives.

Robert is not concerned about starting school because after all, "school" is a year away for him. Robert lives with his parents, Joe and Melba Ryan, owners of the Plenty-Time Cafe in Jamul, and a ten year old sister named Margaret. Testing is in the offing for this young man, and though justifiably concerned, Joe and Melba Ryan are very proud of their well-read and well-adjusted young son, who, by the way, wants to be a policeman when he "grows up."

Dorothy Digs in the garden

If you intend to set out fruit trees this year, buy them early while you have the finest selection to choose from, and before the roots have a chance to become dry. Plants that are permitted to lie around in the nurseries until the moisture has gone from the roots, are slow to start growing and subject to disease. So buy them early and plant them as soon as possible.

And, don't plant a fruit tree in the middle of your lawn or close to shrubbery. Fruit trees require an entirely different program of irrigation than a lawn or garden in general. They should be planted by themselves so that you can give them slow, deep irrigation.

It's like taking out an insurance policy on your young trees if you use a borer solution (ethylene dichloride) immediately after you plant them. Just pour the diluted solution over the moist soil around the base of the trees.

## FREE FAIR TICKETS TO GO TO STUDENTS

DEL MAR — Approximately 175,000 student tickets, good for free admission July 3 to the San Diego County Fair, will be distributed this year to city and county elementary and junior high school students, D. Robert Jones, Fair Manager, announced.

"The school districts are enthusiastic about our newly inaugurated students' day. We believe the County Fair should do everything possible to make the Fair available to the children of our county," Jones explained.

The tickets will be sent to the school districts in May, and distributed by them to the students just before schools close for summer vacation. The Fair runs from June 28-July 7.

Jones said the Fair is packaging the tickets according to each school district's requirements to simplify distribution.

Adorned with an autographed photo of Don Diego, the tickets will be good for free admission July 3, and give the holder half-price privileges on most carnival rides.
